

Goonhavern Primary School

Welcome to our School

Thank you for showing an interest in applying for a position at our school. At Goonhavern Primary School we recognise that we are living in a rapidly changing world and it is our intention to provide a proactive approach to the challenges of the future. We believe that every child needs to be equipped with the necessary skills in order to flourish with determination and confidence in tomorrow's world.

Our vision for the future of our school is to continually achieve the highest possible standards. We strive to nurture children as individuals and ensure that every child achieves their true potential, be it academic or otherwise. Our priority is to provide all children with challenge through a broad curriculum that is enriched with creative, practical and real life experiences.

It is vitally important that our children develop a wide range of learning skills and a positive attitude towards learning. Our curriculum provides a cohesive and progressive, child-centered approach to learning with opportunities for children to think independently and creatively. Our curriculum is designed so that children are able to solve problems and face challenges with confidence and can identify what they are able to do well and what they need to do in order to progress to the next level of learning. Individual and group successes and goals are always celebrated.

Our Curriculum

Our school curriculum is underpinned by the values that we hold dear at our school. The curriculum is the means by which the school achieves its objective of educating children in the knowledge, skills and understanding that they need in order to lead fulfilling lives.

The curricular aims of our school are:

- help develop lively enquiring minds, with the ability to question and argue rationally and to apply themselves to tasks and physical skills.
- help pupils acquire the knowledge and skills relevant to adult life and employment in a fast changing world.
- encourage pupils to use language and number effectively.
- promote pupils' understanding of the world in which they live and the interdependence of individuals, groups and nations.
- encourage respect for religious and moral values and tolerance of other races, religions and ways of life.
- help pupils appreciate human achievements and aspirations.
- establish an environment within which teaching and non-teaching staff, school managers, advisory colleagues, parents and future parents can work together for the successful achievement of these aims.

Our School Structure

We have seven classes within our school, all of whom are supported by a class teacher and teaching assistants. Our staff work tirelessly to ensure that the children in our care are given the very best of education within our school and we celebrate our pupil's success and achievements throughout their time at Goonhavern.

We have a large playground and outside space where the children have access to green fields and fresh air. There is room for football, netball, bike riding and many outdoor activities which are crucial to the children's wellbeing and health.

OFSTED

Our school was inspected by OFSTED on 11th October 2022 and was graded as GOOD in all aspects. Our report can be viewed on OFSTED's website: [Goonhavern Primary School OFSTED Report](#)

TPAT

Goonhavern Primary School is proud to be part of Truro and Penwith Academy Trust. TPAT work alongside our ethos of every child deserving the opportunity to succeed regardless of location or circumstance. Likewise, every school, regardless of size or level of geographical isolation, deserves the support necessary to make this happen.

Safeguarding

TPAT is committed to safeguarding and promoting the welfare of children and young people and expects all staff, workers, volunteers, governors and trustees to share this commitment.
