

Sennen Primary School

Welcome to our School

Thank you for showing an interest in applying for a position at our school.

At Sennen School we believe that all children are unique individuals with a right to a safe and happy learning experience. We are driven by our belief that children are most likely to be happy and hence successful if they are given care, support and challenge in equal measure. Our team is united and dedicated in pursuing the best outcomes for all children at Sennen School. By 'best outcomes' we mean children who are positive and enthusiastic and ready for the challenges of life as well as being academically successful.

We aim to provide children with a well-rounded and ambitious curriculum. High academic standards and expectations run alongside creativity, inspiration and imagination. Through the school's core learning behaviours of Resilience, Resourcefulness, Reflectiveness and Teamwork; children learn to: challenge themselves; demonstrate excellence; care for themselves and their community and have fun. Our curriculum draws upon the natural and historical resources in our community and the children's experience to make it relevant and inspiring for them.

Our Curriculum

Throughout all curriculum delivery at Sennen, run our core learning behaviours. These are taught and developed alongside understanding and mastery of the primary curriculum. We believe that developing the children's ability to learn is crucial in order prepare them for secondary school and beyond.

Clear effective methodologies devised by teaching staff, drawing on research and best practice from many areas, enable high quality delivery of core subjects. Staff work hard to adapt and personalise the curriculum to meet the needs of individuals, ensuring that each learner can work at their cutting edge.

Children have the opportunity to experience a wide range of well planned, practical activities across all subjects.
